At Seneca we believe that abortion is never an option. We believe life starts at conception. We believe that all parents experiencing an unplanned pregnancy deserve the unconditional love and support necessary to choose the life affirming option that best fits their unique situation. We believe that all women who are experiencing post abortive suffering also deserve unconditional love and healing. Due to the sensitivity of the nature of our clients, confidentiality is a priority. We will require all volunteers to sign a confidentiality agreement and written agreement to the beliefs stated above. Seneca will also conduct an interview with each volunteer to get to know each of you better. We feel so blessed you are looking forward to working with Seneca!
